Paul,

A friend of my boss reached out who lives in Eagle Rock and I was hoping you could have the appropriate deputy in your office contact her. Her name is Margaret Siegel. She and her neighbors in Eagle Rock are seeking information regarding the status of the CUB and CUP for Mezzo Garden Restaurant on 2516 Colorado. In particular, it sounds like they are trying to understand how the restaurant received got an interim cafe show entertainment permit from the Police Commission. She said she had been working with Jose Hernandez and Lucy Aparicio but perhaps she should be chatting with planning staff. Also, Mrs. Siegel sons name is Amauri and may have interned for your office.

[redacted]

Thanks,
Nick
